APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,  
and do hereby grant the same, subject to the following limitations and  
conditions:

This permit is issued subject to all existing rights on  
the source. It is understood that this right must allow for a reasonable  
lowering of the static water level at permittees well due to other  
ground water development in the area. A substantial weir or other  
type of measuring device must be installed and measurements of water  
use kept. The State retains the right to regulate the use of the water  
herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount  
which can be applied to beneficial use, and not to exceed 0.20

cubic feet per second, and not to exceed a yearly duty of 4.0 acre-feet  
per acre of land irrigated.

Actual construction work shall begin on or before June 1, 1952

Proof of commencement of work shall be filed before July 1, 1952

Work must be prosecuted with reasonable diligence and be completed on or  
before June 1, 1953

Proof of completion of work shall be filed before July 1, 1953

Application of water to beneficial use shall be made on or before

June 1, 1954. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 1, 1954
